

WHY TO CHOOSE PYROMARK FIRING SYSTEM?

- ✓ **unlimited unique firing cues using the latest technology**
- ✓ **weather resistant**
 - uses no mechanical relays
 - can operate down till -25°C
- ✓ **radio uses WiFi standard, not radio modem**
- ✓ **flexibility**
 - quick to assemble
 - all cues have unique ID-s
- ✓ **weight only 6,2 kg including 24V battery and 100 cues**

Function

This multi-functional firework guiding system is intended to program fireworks, setting up fireworks in the desired location and to create firework shows in and outdoors.

This device guides fireworks from a computer.

A special computer program, which is included, allows the pyro designer to easily create complex pyrotechnical effects.
